ENRICHMENT: Educational Visits, Visitors and Experiences Long-Term Plan 2026-27

At Knightlow C of E Primary School, our vision is for everyone to shine. We believe every child is wonderfully made, created with unique gifts and talents, and called to live 'life in all its fullness'. Through our rich and stimulating curriculum, we seek to spark curiosity, ignite ambition and illuminate pathways of possibility so that every child can flourish academically, socially, spiritually and emotionally.

Enrichment is a vital part of this vision. Whilst high-quality classroom teaching remains at the heart of our curriculum, meaningful experiences provide children with the knowledge, context and inspiration that enable learning to flourish. Educational visits, visitors and workshops allow pupils to see beyond their immediate environment, encounter new ideas and develop a deeper understanding of the world around them. These experiences help children build the knowledge and vocabulary required to access new learning and make meaningful connections across the curriculum.

Children arrive at school with varying life experiences and opportunities. At Knightlow, we are committed to ensuring that every child benefits from a broad range of enriching experiences that help create common reference points and develop cultural capital. By seeing, hearing, exploring and participating first-hand, pupils gain the background knowledge that supports successful learning and helps them develop confidence in unfamiliar situations.

Our enrichment programme is also central to our commitment to helping every child "let their light shine". Through encounters with inspiring people, places and opportunities, pupils develop aspirations, discover new interests and recognise the possibilities available to them. These experiences nurture confidence, resilience and self-belief, encouraging children to use their God-given talents positively within their communities and beyond.

"Let your light shine before others."
Matthew 5:16

The activities outlined within this plan represent our core enrichment offer for 2026–27. However, they do not encompass the full breadth of opportunities available throughout the school year. **Please note that all activities outlined are subject to change and dependent on availability at the time of booking**. We therefore ask that parents do not share all of these plans with children until they have been confirmed through communication from the school office. We continually seek additional experiences that respond to pupils' interests, current events and emerging opportunities. Through this commitment to enrichment, we aim to ensure that every child leaves Knightlow with cherished memories, broadened horizons and the confidence, capability and conviction to truly shine their light**.**

Year Group		Autumn Term *We Are Scientists* *iSingPop* *School Council Elections* *Choir* *Harvest Festival* ***Whole School Panto (small cost)***	Spring Term *Reverence Week* *Maths Day* *Online Safety Day*	Summer Term *Fun and Fitness Week* *Knightlow's Got Talent* *Firefighter visit* *Police - PCSO visit*

	Additional enrichment	KS2 Carol Concert at All Saints		Year 6 Performance

Information about Enrichment Costs

- We aim to keep the cost of enrichment activities as low as possible. Costs cover transport (such as coaches) and any ticket or entrance fees.
- The school does not make a profit from any trips or enrichment activities.
- As a guide, a paid school trip is usually around £20 per child, although costs may vary depending on the activity and venue.
- A paid visitor or enrichment activity in school can occasionally cost around £10.
- Residential visits are more expensive, so we work hard to provide information about costs for residentials as far in advance as possible. This allows families to plan ahead and pay in instalments.
